

## Detailing Strip

Page 1

nbsPlus

- Ideal for complex junctions and stanchions
- Superior adhesion helps correct installation
- Use with unique Visqueen HP Tanking Primer Solution to obtain best performance

### Description

A white surfaced, self adhesive strip, supplied in 300mm x 10m rolls.

### Application

Self adhesive strip to ensure continuity of damp protection at complex junctions and stanchions.

### Installation

Ensure surfaces are smooth, clean and dry. Prime the substrate to which the strip is to be adhered with Visqueen Tanking Primer and allow to dry. Do not apply primer to surface of membrane. Cut the strip to size ensuring overlap of minimum 150mm on to the membrane and the primed substrate. Progressively remove the release paper while pressing the strip firmly on to the surface. Work from the centre of the strip outwards to remove any trapped air. When the weather is cold, store strip in a warm, dry place until required. Installation is not recommended below 5C.

## Detailing Strip

### Appendix A

#### Visqueen Building Products

Visqueen is the market leader in the manufacture and supply of structural waterproofing and gas protection systems. Visqueen offers the complete package - a proven, reliable range backed by a technical support service that goes unmatched in the market - everything you would expect from a reputable and ethical company.

#### System Accessories

To ensure full waterproofing protection please use the following certified system components:

- Visqueen High Performance (HP) Tanking Primer
- Visqueen TreadGUARD1500
- Visqueen Protect&Drain
- Visqueen Top Hat Unit

#### Downloads Library

- Technical Datasheet
- Declaration of Performance
- Visqueen's Guide to CE Marking

#### Find your local stockist

Search our directory of Visqueen specification Stocking Centres to locate your nearest Visqueen Partner.

#### Distributor Support

Our specification Stocking Centres can access a free library of sales support tools, bespoke catalogues and more, [click here](#).

#### Technical support throughout your project

We are specialists in our field and can help you specify the correct solutions with the necessary performance levels, in accordance with building regulations.

- Nationwide site support team
- Specification advice
- Installation guidance & project sign off
- System design including CAD details
