

Visqueen GX Double Sided Jointing Tape

Page 1

nbsPlus

- Bonds and seals Visqueen GX Hydrocarbon membranes
- Resists Hydrocarbon & Gas Ingression
- Excellent adhesion

Description

A high performance double sided butyl tape supplied in 100mm x 15m rolls

Application

A high performance tape for bonding Visqueen GX Hydrocarbon membranes at overlaps. The tape is suitable against vapours only. Where the tape may come into contact with fluids Visqueen recommend **welding** of joints.

Installation

Ensure surfaces are clean and dry and the tape is applied in temperatures above 5oC. All laps must be a minimum of 150mm wide. Visqueen GX Double Sided Jointing Tape should be applied approximately 50mm from the edge of the Visqueen GX Membrane. The next roll of Visqueen GX Membranes should then be overlapped and pressed down using a suitable roller.

Technical

Dimensions – 100mm x 15m Colour – Black

Storage

Store in a warm – above 5oC – and dry environment.
